REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present invention comprises a method of invoice entry comprising entering data from an invoice by a first person, entering a subset of the data by a second person, and matching the entries. The closest prior art, Gillings et al (US 5,666,490) shows a data entry method comprising the steps of entering data by a first person and a second person and matching the entries. However, Gillings et al do not teach the step of setting a status indicator to audit failed or audit passed, nor does Gillings et al track the length of time that said status indicator has each of said entered setting, said audit passed setting, said audit failed setting, and said re-entered setting, wherein the length of time is employed to audit said invoice entry. These limitations have been added to independent claims 1, 8, and 15, rendering them allowable

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
